

During the first six months of 2017, 83 aid workers were reportedly arrested, charged, detained, fined or imprisoned in 44 incidents. In 2016, 220 aid workers were reportedly affected in 69 incidents. In 2015, 115 aid workers were reportedly affected in 64 incidents. This data is based on incidents identified by Insecurity Insight's monitoring of open sources and reported by Aid in Danger partner agencies using the Security in Numbers Database (SiND).

Countries with reported incidents, January 2015 - June 2017 (177 reported incidents in 43 countries)

■ Over 10 reported incidents ■ 3 - 9 reported incidents ■ Under 2 reported incidents

This document is part of the Aid in Danger project. It is published by Insecurity Insight and funded by European Union Humanitarian Aid. Data collection is ongoing and these numbers may change as new information is made available. For more information, see aidindanger.org. The map shows reported aid workers arrested, charged, detained, fined and imprisoned identified by Insecurity Insight's monitoring of open sources and reported by Aid in Danger partner agencies using the Security in Numbers Database (SiND) between January 2015 and June 2017, as of 13 August 2017. In our coding, aid workers include: NGO aid workers, NGO deminers, NGO health workers, other aid workers, other education workers, other health workers, RCRC staff, individuals employed or contracted by aid agencies as security drivers or guards, UN civilian staff and volunteers.
