

This overview document presents 811 safety, security and access incidents affecting aid delivery in ten countries in East Africa between January 2017 and June 2018. The report is based on incidents identified in open sources and reported by Aid in Danger partner agencies using the Security in Numbers Database (SiND). The focus is on countries where possible changing or emerging risks can be identified. The total number of reported incidents below reflects the willingness of agencies to share information. It is neither a complete count nor representative.

Increasing trend in reported incidents over six quarters (Q1 2017-Q2 2018)

- **Kenya** (13, 8, 6, 19, 19, 16).
- **Tanzania** (7, 3, 7, 5, 9, 13).
- **Uganda** (6, 13, 11, 16, 13, 24).

Country to watch

- **Burundi:** Proposed enforcement of a law that imposes ethnic quotas for NGO workers – 60% Hutu and 40% Tutsi – as well as financial regulations.

Sexual exploitation and abuse of aid workers

- Sexual assault of a female staff member in **South Sudan** (2017-08).

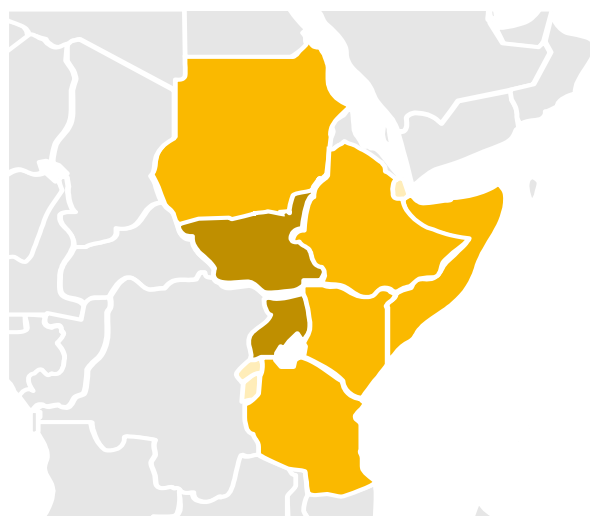

Aid-worker-related road traffic accidents

- 77% of reported incidents did not cause NGO staff injuries.
- One staff member was **killed** in an aid-worker-related vehicle RTA in Ethiopia.

Total road traffic accidents (Q1 2017-Q2 2018)

Country	Total incidents
Ethiopia	39
Uganda	27
Kenya	25
Burundi	14
Tanzania	11
South Sudan	9
Somalia	6
Sudan	5
Rwanda	2
Total for region	138

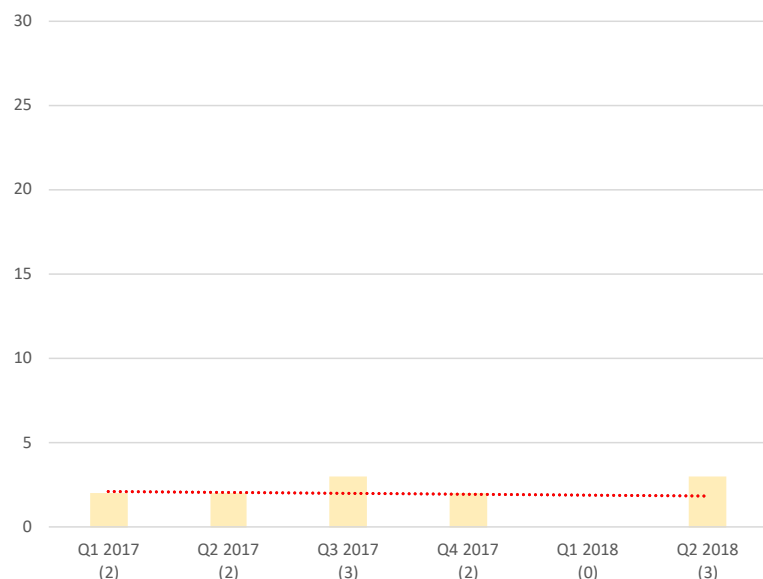

Reported safety, security and access incidents in Q2 2018

■ 20 or more reported incidents ■ 6-19 reported incidents ■ 0-5 reported incidents

Selected country **overviews** (Q1 2017-Q2 2018)**Burundi total incidents: 12**
(Q1 2017-Q2 2018)**KKA totals (Q1 2017-Q2 2018)**

Killed: 0
Kidnapped: 0
Arrested: 3

Common safety, security and access concerns

Reports of³ **petty crime**, including NGO vehicle break-ins, fraudulent activity by staff member and misuse of NGO logos.

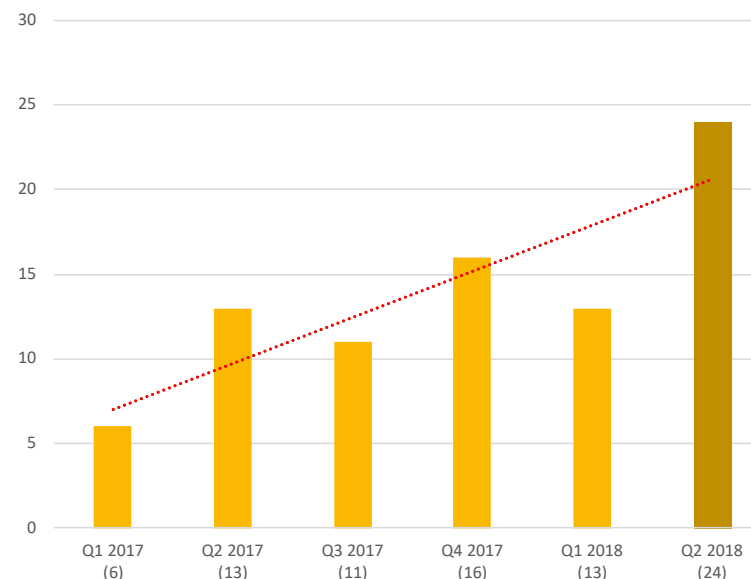

Recent reports

Arrests: Two security guards were arrested at an NGO compound by police conducting crackdowns on street vendors (Q2 2018).

Theft of NGO property from a staff member travelling on public transport (Q2 2018).

Watch for

The proposed enforcement of a law that imposes **ethnic quotas** for NGO workers – 60% Hutu and 40% Tutsi – as well as financial regulations.

Uganda total incidents: 83
(Q1 2017-Q2 2018)**KKA totals (Q1 2017-Q2 2018)**

Killed: 2
Kidnapped: 1
Arrested: 2

Common safety, security and access concerns

A high proportion³ of **crime** incidents, including armed/unarmed robberies with assaults at NGO properties and in street robberies; and break-ins, burglaries and thefts at NGO properties.

Recent reports

Hostage situation: Staff members were held hostage by beneficiaries who had not received food supplies after stocks were stolen (Q2 2018).

Assaults: Staff members were assaulted by protesting host community members who stormed an IDP camp reception area and accused aid agencies of unfair recruitment processes (Q2 2018).

Watch for

The planned formation of a committee to investigate and prosecute **LGBTQ citizens**, which poses a risk to staff members with these profiles.

This document is part of the Aid in Danger project. It is published by Insecurity Insight and funded by European Union Humanitarian Aid and USAID. It summarises selected findings from Aid in Danger partner agency incident reports. 26 partner agencies currently contribute confidential security data to the Security in Numbers Database (SiND). For this data, 23 partner agencies contributed security incidents. The data in this report has been cross-referenced with AWSD and compared with INSO. Data collection is ongoing and data may change as more information is made available.

SOUTHERN AFRICA

JANUARY 2017-JUNE 2018

This overview document presents 331 safety, security and access incidents affecting aid delivery in 12 countries in Southern Africa between January 2017 and March 2018. The report is based on incidents identified in open sources and reported by Aid in Danger partner agencies using the Security in Numbers Database (SiND). The focus is on countries where possible changing or emerging risks can be identified. The total number of reported incidents below reflects the willingness of agencies to share information. It is neither a complete count nor representative.

Countries to watch

- **Malawi:** Proposed changes to NGO regulations relating to licence fees for INGOs are under a temporary court injunction as of April 2018.
- **Zambia:** Recent xenophobic attacks against Chinese nationals and businesses could pose a potential risk to staff members of Chinese or Asian ethnicity working in-country.

Sexual exploitation and abuse of aid workers

- Sexual assault of a female staff member in **Zimbabwe** (2017-11).

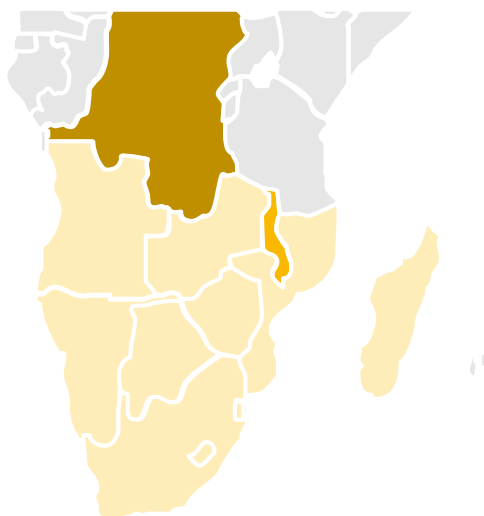

Aid-worker-related road traffic accidents

- 67% of reported incidents did not cause NGO staff injuries.
- Four staff members were **killed** in aid-worker-related vehicle RTAs in the DRC, Lesotho, Mozambique and Zambia.

³ 'Reports of' indicates 64% or lower of all reports for the country in question; 'High proportion' indicates 65-90% of reports; 'Predominantly' indicates 91% or more of reports.

This overview document presents 267 safety, security and access incidents affecting aid delivery in 18 countries in the Americas between January 2017 and June 2018. The report is based on incidents identified in open sources and reported by Aid in Danger partner agencies using the Security in Numbers Database (SiND). The focus is on countries where possible changing or emerging risks can be identified. The total number of reported incidents below reflects the willingness of agencies to share information. It is neither a complete count nor representative.

Increasing trend in reported incidents over six quarters (Q1 2017-Q2 2018)

- **Colombia** (1, 3, 6, 5, 9, 6).
- **El Salvador** (7, 4, 5, 6, 2, 15).
- **Mexico** (4, 3, 7, 5, 10, 6).

Country to watch

- **Guatemala:** General elections in September 2019.

Sexual exploitation and abuse of aid workers

- Unwanted sexual comments made towards a female staff member in **Haiti** (Q2 2017).
- Unwanted sexual touching of a female staff member in **Nicaragua** (Q2 2017).

Aid-worker-related road traffic accidents

- 65% of reported incidents did not cause NGO staff injuries.
- No staff member fatalities were reported.

Total road traffic accidents (Q1 2017-Q2 2018)

Country	Total incidents
Guatemala	48
Ecuador	15
Haiti	14
Bolivia	12
El Salvador	10
Mexico	6
Dominican Republic, Honduras	5 each
Costa Rica	2
Nicaragua, Peru	1 each
Total for region	119

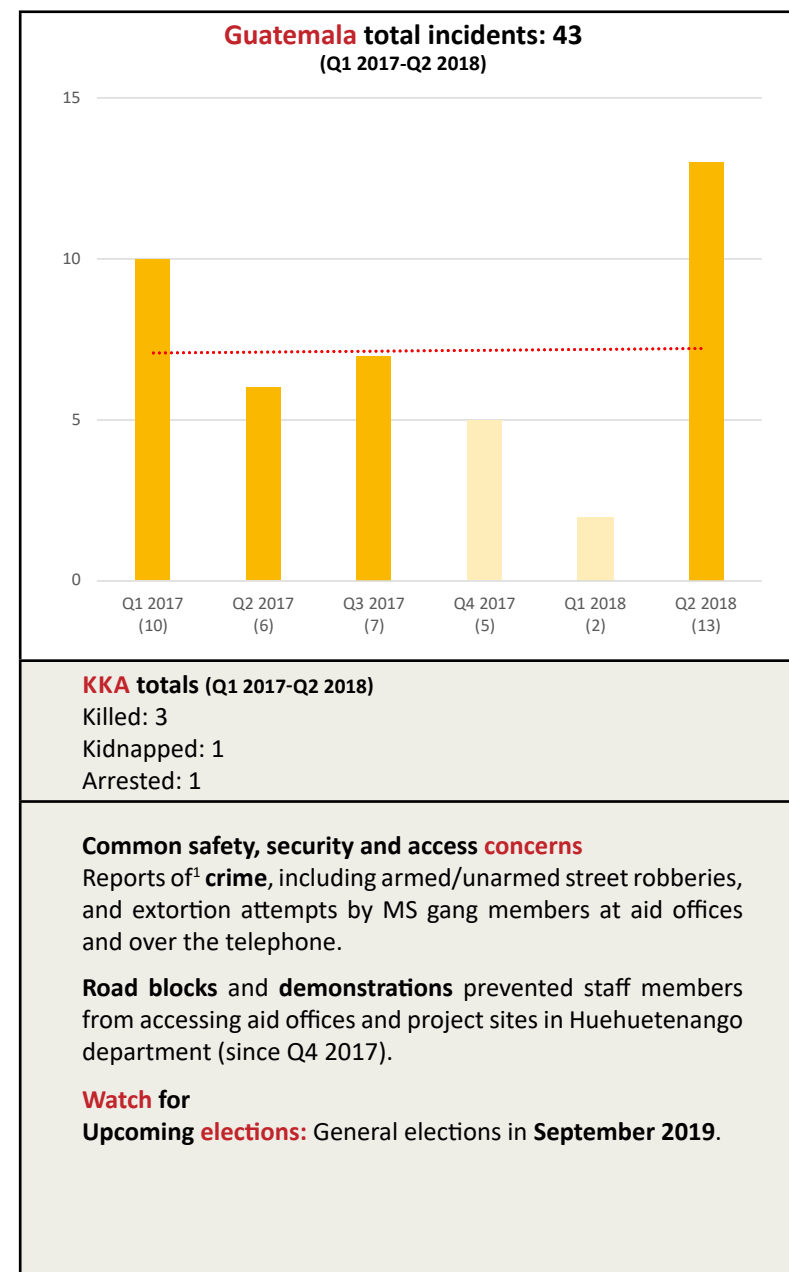

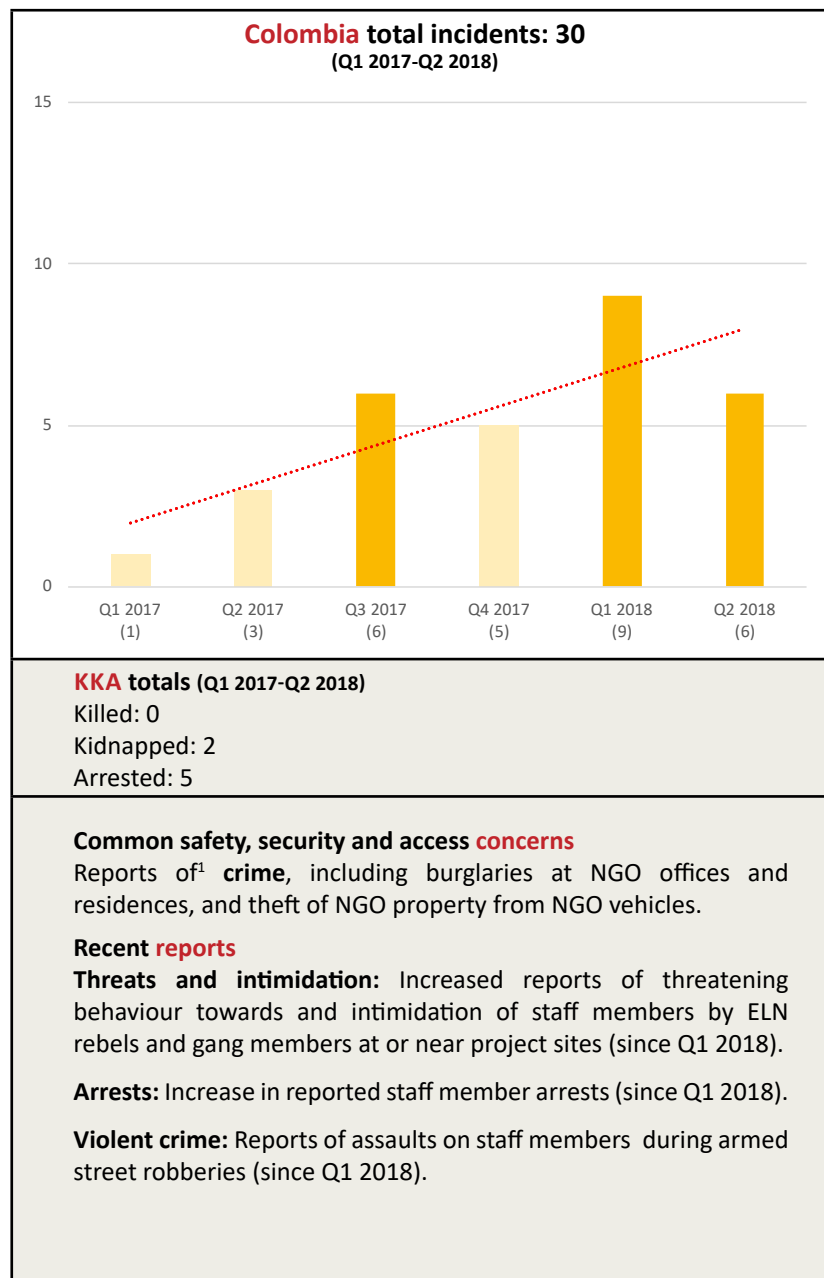

Total safety, security and access incidents (Q1 2017-Q2 2018)

Country	Total incidents (Q2 2018)	Total incidents (Q1 2018)	Total incidents (Q1 2017-Q2 2018)	Trend over 6 quarters
El Salvador	15	2	39	↑
Guatemala	13	2	43	—
Haiti	7	4	35	↓
Bolivia	6	1	13	↑
Colombia	6	9	30	↑
Mexico	6	10	35	↑
Ecuador	5	0	9	↑
Dominican Republic	4	2	12	↑
Nicaragua	3	0	9	—
Brazil	2	1	7	—
Costa Rica	2	0	6	↑
Jamaica	2	0	2	↑
Chile	1	0	1	↑
Guyana	1	1	3	↑
Honduras	1	1	8	↓
Peru	1	3	13	↑
Cuba	0	0	1	↓
Venezuela	0	0	1	↓
Total for region	75	36	267	↑

Reported safety, security and access incidents in Q2 2018

■ 20 or more reported incidents ■ 6-19 reported incidents ■ 0-5 reported incidents

Selected country **overviews** (Q1 2017-Q2 2018)

This document is part of the Aid in Danger project. It is published by Insecurity Insight and funded by European Union Humanitarian Aid and USAID. It summarises selected findings from Aid in Danger partner agency incident reports. 26 partner agencies currently contribute confidential security data to the Security in Numbers Database (SiND). For this data, 23 partner agencies contributed security incidents. The data in this report has been cross-referenced with AWSD. Data collection is ongoing and data may change as more information is made available.
